**Please find below and/or attached an Office communication concerning this application or proceeding.**

**Commissioner for Patents**

The appeal brief filed on 30 September 2004 is defective because the brief does not identify where all of the limitations of each of the independent claims are to be found in the specification, using page and line number, and to the drawing, if any, by reference to characters. See 37 CFR 41.37(c), which took effect 13 September 2004.

To avoid dismissal of the appeal, appellant must submit the necessary additional copies of the appeal brief within the longest of any of the following TIME PERIODS: (1) ONE MONTH or THIRTY DAYS, whichever is longer, from the mailing of this communication; (2) within the time period for reply to the action from which appeal has been taken; or, (3) within two months from the date of the notice of appeal under 37 CFR 1.191. Extensions of these time periods may be granted under 37 CFR 1.136.
